

Project Status Report: CEEEn-2019CPST-0 1

Report Date: 10.4.2021

Team Members: Jason Poff, Andrew Meyer, Emily Dicaldo, Patrick McDivitt

Project Title: Mitigating Submerged Hydraulic Jumps at Low Head Dams

1) Summary of technical/non-technical challenges encountered

- Finding a good time for the team to meet.
- Deciding on a good WIG for the group.
- Getting the project details from our sponsor.

2) Team approaches & resolutions to overcome challenges

- Sending out a survey to get team member availability
- Met together before class to go over everyone's proposed WIGs, discussed which one was most succinct and effective.
- Emailed Dr. Hotchkiss to remind him to send out the project details document to the group.

3) Status of challenge resolutions & potential project impact

- Waiting for survey responses
- We don't have an established schedule for when we want to meet and work on the project.

4) Project status & summary

- WIG submitted
- Project summary received and read.

Please enter # of hours spent on project this last week for each team member in the order listed above

Member #1: Jason Poff - 30min **Member #2:** Andrew Meyer - 30 mins **Member #1:** Emily Dicaldo - 30min **Member #2:** Patrick McDivitt: 30 Minutes
