

Project Status Report: CPST-0 01

Report Date: Oct. 25, 2021

Team Members: Lorenzo Eusebi-Diehr, Dillon Muirbrook, Bryson Price

Project Title: SF Collab

1) Summary of technical/non-technical challenges encountered

- Finding a time to carry out the team trust building exercise was difficult.

2) Team approaches & resolutions to overcome challenges

- We maintained open discussion and let one another see our calendars.

3) Status of challenge resolutions & potential project impact

- After talking and using calendars, we found a time that would work. We had the activity and it certainly worked. We feel more trust and empathy in the team. As well, we found we all enjoy kolaches.

4) Project status & summary

- Looking forward to moving forward to learning more about the project and any periphery considerations for the project.

Please enter # of hours spent on project this last week for each team member in the order listed above
