

Project Status Report: CPST-0 □6

Report Date: 11-8-2021

Team Members: Jason Poff, Andrew Meyer, Emily Dicataldo, Patrick McDivitt

Project Title: Mitigating Submerged Hydraulic Jumps at Low Head Dams

1) Summary of technical/non-technical challenges encountered

- Dr. Hotchkiss' contact with Murray City has not replied.
- Deciding how we should work on the Statement of Work

2) Team approaches & resolutions to overcome challenges

- Contact Dr. Hotchkiss and follow-up about Murray City
- Scheduling time to work on the statement of work
- Assigning tasks to each team member concerning the statement of work

3) Status of challenge resolutions & potential project impact

- Jason will ask Dr. Hotchkiss about the contact on Thursday. We can make a contingency plan in the event we do not get permission to survey the streambed below the dam.
- Decided responsibilities for the statement of work. This will be our guiding document for the rest of the project.

4) Project status & summary

- Awaiting a response from Murray City
- Preparing to write the scope of work
