

Project Status Report: CPST-0 04

Report Date: 2/20/24

Team Members: Drake Church, Saylor Wilson, Brian Shawcroft

Project Title: Times and Seasons Platform

1) Summary of technical/non-technical challenges encountered

- Drawings were advanced towards completed
- Retaining walls and viewing area design were developed

2) Team approaches & resolutions to overcome challenges

- Outdoor seating area on campus was studied to determine good dimensions for the seating area in our design
- Mentors were consulted concerning the drawings and the seating area/retaining walls.

3) Status of challenge resolutions & potential project impact

- With help, the design of the seating area has been roughly completed and added to the site drawings

4) Project status & summary

- Project drawings now have all major elements included, though they do not fit perfectly together.
- Connections are still being considered
