

Project Status Report: CPST-0 08

Report Date: 04/01/2024

Team Members: Hunter Joy, Zachary Moncur, Ethan Wall (Meeting in person)

Project Title: Lehi E. Coli Treatment

1) Summary of technical/non-technical challenges encountered

- Mostly just finishing the report for the end of the class.
- Working on making it professional and ready for next monday

2) Team approaches & resolutions to overcome challenges

- Working together and in constant communication with all of us to make sure we know what needs to be put in the report, and that all information is accurate.

3) Status of challenge resolutions & potential project impact

Most of our challenges right now are related to the report and we are working hard to get it ready. Since this is the biggest part of our grade and the project we are working closely together to make sure that the report is up to standards.

4) Project status & summary

- Poster board is done and ready to be submitted.
- Technical work of project is finished.
- Report is about 50% done and will be ready for a draft review on monday.

Please enter # of hours spent on project this last week for each team member in the order listed above
