**Project Title: SUSPENDED SCOREBOARD SEISMIC LATERAL RESPONSE**

**1) Summary of technical/non-technical challenges encountered**

- We don't have many challenges at this stage of our project. Right now we are just reviewing and researching.

**2) Team approaches & resolutions to overcome challenges**

- We are making sure that everyone completely understands each concept that we are reviewing.

**3) Status of challenge resolutions & potential project impact**

- We are almost done and will be starting on the next stage next week. We may be ahead of schedule.

**4) Project status & summary**

- We are finishing up reviewing swinging bar analysis, and will soon begin looking into the best software to model the jumbotron in and similar academic research.
